

CLASS Year 5

Maths

In maths this half term we will be learning about the relationship between fractions and decimals, extending our knowledge to thousandths. We will be adding, subtracting and multiplying decimals.

Computing

We will be working to create a catch game using their knowledge of scratch.

Art

We will be developing a wide range of art and design techniques in using colour, patterns, texture, line, shape, form and space.

MFL - French

Working through asking and answering the question of where you are going and looking at numbers to 50.

Topic Web

English - Reading

The book we will be using this term is the Train to Impossible places. We will be focusing on retrieval skills, vocabulary, summarising and inferring.

Geography

We will be undertaking an enquiry study into the USA, focussing on the human geography.

PSHE

We will be looking at the idea of relationships and friendships with the children exploring jealousy and loss/ bereavement.

Science

We will be exploring living things and their habitats with a focus on the life cycles of plants.

Term Summer 1

English - Writing

This half term we will use our Guided Reading text as the basis for our Adventure narrative, however we will also incorporate extracts from other high quality texts. We will also be looking at poetry, particularly American authors and working towards writing our own to perform.

RE

We will be looking at Understanding the Christian ideas of salvation.

Music

We will be looking at the composer Leonard Bernstein and looking at the music 'Mambo' from West Side Story.

PE

We will be finishing with our swimming lessons and also undertaking Real PE - Physical
