Maths

Weight & Volume
Multiplication & Division

Topic Web

English - Reading

We will continue with Read, Write, Inc phonics sessions and continue to use our decodable reading books.

Summer 1 2022

English - Writing

We will be linking to our *Read, Write, Inc* scheme and focusing on sentence accuracy and checking our work.

Computing

We will be focussing on understanding technology by developing our understanding of ways technology is used.

History

How has transport changed?
How have changes in transport impacted on people's lives?

RE

We will be thinking about religious and non-religious reasons for caring about the world.

Design Technology

Mechanisms

PSHE

Our theme this term is 'Relationships'. We will consider our own significant relationships and why these are special and important. We will also discuss healthy and safe relationships.

Music

We will be focussing on composing and improvising whilst learning to sing and play glockenspiels and un-tuned percussion instruments.

We will think about how music teaches us about our community.

MFL - French

We will be learning how to use greetings to each other and an adult. We will think about how to understand and respond to greetings.

Science

We will be furthering our knowledge of Materials. This will include distinguishing between an object and the material from which it is made, describing and comparing properties of materials and grouping them.

We will also continue our longitudinal study about seasonal change, focussing on 'Spring'.

PE

We will be focussing on performing a small range of skills and linking two movements together with some control.
